**School Council Meeting**

We intend having our next meeting on Wednesday 20th June but are asking councillors to register their preferred time—morning before school, afternoon, after school or at 7pm. Please text your preference to Molly 0429941211 in the next few days so we can set a time. The P & F Meeting last week was held at 8.30am and this time had a great response. We look forward to your response.

AIP & DPD Reviews

Andrew Ough (SEIL), Shelly Cross (Ouyen P-12 College) and Natasha Mudie (Murrayville Community College) will be visiting our school on Wednesday from 10am –12noon. The three Schools Annual Implementation Plans and Principals Performance & Development Plans will be reviewed.

Lightning Premierships

These are to be held in Mildura on Tuesday 6th June and at this stage we have enough girls (yrs 4—6) to field a netball team. As Ouyen are not competing in this event unfortunately we do not have enough players to field a footy team. More information will be sent home as it comes to hand.

Somers Camp—Preliminary Notice

Fire Drill

A HUGE THANK YOU to Simon Morrison, Cameron and Tim Gloster who assisted with our fire drill on Wednesday of last week. The heater in the office “was on fire” and the students had to be evacuated to the bus shed. The students all had an opportunity to inspect the fire truck and use the fire hose. Thank you once again.

Annual Bus Inspections

It's that time of the year once again and we are looking for 2 volunteer drivers to take the buses to Nunga for the annual bus inspections on Thursday 21st June at 12 noon. If you are able to help out please contact Molly asap. This can be a parent, grandparent or any interested community member who has their bus licence.

Health Program

Thank you to Jane Palmer for speaking to the students today about caring for their teeth. This was greatly appreciated and hopefully everyone listened very carefully.

Lisa's Chaplain Chats

There was never a night or a person that could defeat sunrise or hope. Bernard Williams
 When faced with a problem or a challenging situation, the old clichés of 'to sleep on it' and 'everything will look better in the morning' can be helpful. Situations seem to look better after the initial reactions have subsided and solutions can present themselves. Sometimes it takes some faith and hope that the means to solve the problem will be found and help us not to feel overwhelmed. Having hope in the future can help us be resilient when life obstacles need to be overcome.
