**Newsletter****2018****Welcome Back Everyone**

It was great to see all of the students back at school this morning eager to begin term 4. We hope you all had a great break and did lots of interesting things and read lots of books during the holidays.

**Student Garden Working Bee—
Friday 12th October After Lunch**

As we are already seeing snakes around we would like to have a working bee to weed and tidy up the garden beds, particularly at the front of the school. There are several dead plants that need to be removed before the snakes take up residence. There are lots of weeds coming up in the paved areas which will

need to be removed. Staff and students will have a working bee on **Friday after lunch** to tackle the garden beds and clean up our school. If you are available to help out it would be greatly appreciated. Students must wear appropriate foot wear please and **free dress Friday “working gear”**.

Ouyen P-8 Disco

Students from our school have been invited to attend a “Red Carpet Disco” to be held at the Ouyen Community Centre on Friday of this week—5.30—7.30pm. Wow, what a great idea. Go through the wardrobe and find something special to wear and put on your dancing shoes!!! Cost will be \$2 and there will be a Sausage Sizzle, chips, chocolates and drinks for sale on the night. Parents will be responsible for getting their children to and from the Disco. Hope you can all attend.

**Parent Teacher Interviews**

Interviews will be conducted on Thursday of this week and a blank time table has been sent home today. If you would like to see your child's

Life is a series of baby steps. Hoda Kotb

We have all taken on huge projects or had to deal with big challenges. If we start off comparing, where we are at the beginning with where we wish to finish, the task can seem insurmountable. While it is always great to have an end goal or final destination, to focus on the enormity of the journey can bring about discouragement and loss of confidence. To mark each step individually and having realistic time lines can help us succeed. There is no big dream that didn't start as a small hope and plan and have to grow into fruition. With each baby step we get closer to our end goal.

Junior Tennis

I hope to continue with Junior tennis again this year with a slightly different program.

It will be run on a Monday night from 4pm til 5pm, proposed to start on 29th October through to the 3rd of December and then continuing on in the new year once school goes back.

The younger players will be practicing their ball skills with drills and fun games, while the 'older' players will do a warm up and then play a 4 game set with scoring and trophies / medals at the end of the season. The player will have to be able to hit/serve (a bit) to play, and will be at our discretion if they are ready for a game or not.

\$2 per player each week, they MUST bring a full water bottle and be wearing sunscreen. Grade 3 and up. Extra parent help is also needed. Kristen has offered to take the older ones with the game, and I'll be doing the drills with the younger ones. To enable this to go ahead, we are seeking more players - particularly older ones. Thank you to those who have already given me names, if there is anyone else who would like to have a go, please contact me ASAP - Kylie 0408393817.

I will also be sourcing some extra tennis coaching throughout the year. I will keep you posted.
