**Newsletter****2019****Parent Teacher Interviews**

These will be held on Tuesday 2nd April and forms have been sent home today. We will endeavour to give you a time as close to your indicated preference. Each interview will last 10 minutes with 5 minutes between each one. If after your interview, you feel your allotted 10 minutes wasn't long enough, please arrange another time with the staff member concerned. Please return your form by Wednesday so a timetable can be drawn up and sent home prior to Tuesday next week.

Please note: the date has been changed due to the Basketball Grand Finals being played on Monday next week.

**Literacy Moderation Day—VCOP**

The staff will be having a moderation day on Friday of this week. All students' literacy and writing for the term will be reviewed and assessed.

Family Statements—Essential Student Learning Items

Family statements were sent home last week which included the \$160 per student for Essential Student Learning Items. Families are welcome to pay this fee in instalments if they wish—I have attached a form to the newsletter today if you wish to do this.

Please note—Families who still have credit from last years Conveyance Allowance didn't receive a statement as this has covered their fee.

Other families who receive the Conveyance Allowance don't have to pay the fee as it will be covered by your 2019 payments.

Families who are eligible for the CSEF payment will have noticed this has been credited to your account. Due to Department of Education regulations, this payment can only be used to pay for camps and excursions.

These funds will be used on invoices for our school camp later in the year. Any questions please contact Colleen.

P & F Bakery Drive

Once again we have joined forces with the Pinnaroo Bakery to run hopefully, another very successful Bakery Drive. Each family has received an

STEM Excursion

We have had lots of great comments from the students and Mr Gammon who attended the excursion to Warrnambool last week. The students had the opportunity to see and interact with so many science based projects and equipment. Hopefully this will inspire them to bigger and greater things in the future. Well done everyone. Thank you to the Tempy PS for giving our students the opportunity to share this excursion with them.. It's been greatly appreciated.
