Daalko Students - Oral Presentations

Since Term 2, the Daalko students have been researching an Olympic Athlete. Students will be presenting their research on Monday the 9th of August.

Due to the situation we are in and the restrictions with visitors on school grounds, students will only be presenting in person to their peers and classroom teacher. However, if families would like to view the oral presentations, students have been handed a form today regarding preferences – via zoom or recording on a personal device. Could parents please fill in and return this form by the end of the week if you would like to view your child's presentation live via zoom.
